Use

ProCare Universal 70 ST is a ready-for use, mildly alkaline, highly concentrated liquid on the basis of a special-purpose combination of active ingredients including tensides. The product is intended for use on Miele Professional and Steelco machines with stainless steel surfaces. ProCare Universal 70 ST serves to remove adherent substances which find their way onto surfaces during daily use and which may cause damage to surfaces in the longer term. The uniform appearance and natural gloss of surfaces is reinstated.

Product properties

Thanks to its carefully selected combination of active ingredients, the product is able to remove the following:

- Oils and grease
- Residues of vegetable and animal origin
- Blood and protein residues
- Stubborn soils

The product is also characterised as follows:

- Certification according to EU Eco Label
- No hazard warnings
- Free from phosphates, silicates, white oils and abrasive substances
- Gentle on materials
- Rinses off easily

Use and dispensing

ProCare Universal 70 ST is a ready-to-use spray which is applied manually to the surfaces to be cleaned before being removed thoroughly with clean water after a short exposure time.

Technical data

Density (20 °C):	approx. 1,0 g/ml
pH value (20 °C):	approx. 10,9
Appearance:	clean, light green

Formulation

Blend of non-ionic and anionic tensides, solubility enhancers, complexing agents and glycol ethers.

Storage

- Storage temperature: 5°C to 25°C
- No shelf life restrictions if correctly stored.

Risks and safety warnings

For safety and environmental information, see safety datasheets. These are available on www.miele-professional.com.

Dispose of containers only when completely empty and sealed. See safety data sheet regarding disposal of residuals.

All information contained in this leaflet is current and correct to our knowledge and experience. This does not however release users from the obligation of conducting their own checks and tests. A legally binding assurance of specific product properties cannot be inferred from this.
