

# ProCare

## Universal 70 ST

### Multi-purpose cleaner

#### Use

Multi-purpose cleaner not subject to labelling requirements for the gentle removal of soil, oils and grease from all surfaces which can be treated with water. We also recommend the use of this product on Miele Professional and Steelco stainless-steel machines. Not intended for cleaning larger surfaces. For commercial use only. *ProCare Universal 70 ST* serves to remove adherent substances which find their way onto surfaces during daily use and which may cause damage to surfaces in the longer term. The uniform appearance and natural gloss of surfaces is reinstated.

#### Product properties

Thanks to its carefully selected combination of active ingredients, the product is able to remove the following:

- Oils and grease
- Residues of vegetable and animal origin
- Blood and protein residues
- Stubborn soils

The product is also characterised as follows:

- Certification according to EU Eco Label
- No hazard warnings
- Free from phosphates, silicates, white oils and abrasive substances
- Gentle on materials
- Rinses off easily

#### Use and dispensing

Apply to a wet cleaning cloth, preferably made of microfibre.

Then use it to treat the surfaces to be cleaned. After a short exposure time, the surface should be thoroughly wiped with a damp cloth and then polished with a dry cloth.

#### Please note!

Do not mix with other products.
