

Perfect Laundry for Animal Care

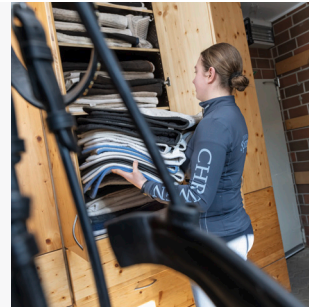

PW 6080 & PT 7186

German engineered with high performance heater elements, intelligent water intake controls and short cycle times, OctoPlus machines are the ultimate tool for animal care facilities with high throughput laundry demands.

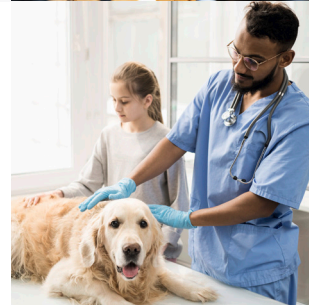

OctoPlus Laundry Equipment at a Glance

- 18 lbs. capacity
- High temp. disinfection programs (200° F)
- High spin speed - 1300 rpms
- Patented Miele Honeycomb™ drum
- Sensor for load control
- Bearing designed for 30,000 operating hours
- Connectivity to automatic dispensing
- Special programs for horse blankets

The Ultimate Veterinary Tool

- Perfect for veterinarians who process small animal bedding and towels, as well as large equine blankets and accessories.
- 18 lbs. capacity can hold 1 blanket, 6 saddle pads or 15 towels.
- Short cycle wash programs, high temperature disinfection and high spin extraction provides vets with a superior hygienic clean.
- Honeycomb™ drum cradles accessories, towels and blankets while washing, ensuring a gentle and thorough clean while further protecting your practices' textiles.
