

ProCare

Tex 70 S

Fabric softener

Use:

ProCare Tex 70 S is a high-performance, liquid, acidic concentrated fabric softener for use in commercial washing machines. This product is free from micro-plastics.

Product properties:

- Highly concentrated
- Discreet, pleasantly fresh fragrance
- Good anti-static properties on blended fabrics
- Excellent adsorption

Dispensing recommendations:

ProCare Tex 70 S is designed to perform best in Miele Professional washing machines.

- 3 – 5 ml/kg of laundry added to last rinse
- Precise and economic dispensing via dispenser pump

Please note!

- Do not blend in concentrated form with other products.
- Before switching products, rinse the dispensing system, including suction hoses, with water.
- Operating instructions for Miele Professional washing machines must be observed.

Technical data:

- Density (at 20 °C): 0.99 g/ml
- pH value (1 % solution): 3.5 – 4.5

Ingredients according to EU Regulation 648/2004 on detergents:

- 2-(4-tert-butyl benzyl) propionaldehyde, hexyl cinnamal

Storage:

ProCare Tex 70 S should be stored in a dry and frost-free place. Always re-seal containers once the required amount of product has been removed.

In the original packaging, the product can be stored for at least 12 months. 

Warning and safety notes:

For safety and environmental information, see EU safety data sheets. These are available from the Miele websites listed below.

Dispose of containers only when completely empty and sealed. See safety data sheet regarding disposal of residual agent.

All information contained in this leaflet is current and correct to our knowledge and experience. This does not however release users from the obligation of conducting their own checks and tests.

A legally binding assurance of specific product properties cannot be inferred from this.
