

PRI 421 [EL LAM RF] Rotary ironer, electrically heated With spring padding and return feed.

- Performance 113.0 kg/h^{*}, roller diameter 365 mm, working width 2040 mm
- Outstanding finish results thanks to HPC heater plate
- State-of-the-art controls Touch display
- Selection of the most important settings favourite programmes
- Perfect rotary ironing performance flexibly positioned heater plate

With 25 % residual moisture – performance data according to DIN 11902: the achievable ironing performance depends on overall conditions such as, for example, the type of laundry and the experience of the operator.

EAN: 4002516366591 / Material number: 11606790 / Old Material Number: 53421103EU
