# The Sea Is a Passion. **One That Connects Us.**

The sea has its own laws. Because we share the fascination of seafaring with you, we offer 360PRO: perfectly matched solutions that cope with these special circumstances and make your crew's daily work easier.

Miele Professional. Immer Besser.

**360** PRO

## 6 Reasons for **360PRO.**

Our comprehensive 360PRO system combines first-class quality, flexibility and cost optimization as well as service and warranty for worldwide maritime missions.

### 01

#### **Made for the oceans**

A variety of voltage versions, a robust build and special programs guarantee the best possible results.

### 03

#### **Economical meets sustainable**

The low energy and water consumption and a long service life ensure high economic efficiency.

### 05

#### **International**

Intuitive language changes on our machines ensure simple operation for international crews.

\* depending on model.

### 02

#### **True Innovation**

The Miele WetCare process is an environmentally friendly method of cleaning without the use of organic solvents.

### 04

#### **Highest level of protection**

Miele Professional machines comply with industry standards and are certified by Lloyd's Register\*.

### 06

#### **Reliable worldwide**

Miele service and spare parts are available in the next port. Our warranties are valid worldwide.
