

Miele DataDiary Privacy Policy

Miele always aims to process your personal data (personal identifiers for telecommunication / data transfer as well as technical notifications / functional characteristics of the devices you control) in accordance with data protection regulations.

The processing of personal or personal identifiable data (including IP address, fabrication number of the device) is carried out exclusively for the purpose of ensuring proper data transfer (device differentiation for unique addressing).

Miele ensures the security of your personal data against loss, destruction, falsification, manipulation, unauthorized access and unauthorized disclosure.

If you have any questions, comments or complaints regarding data protection at Miele, please contact our data protection officer (datenschutz@miele.de).
