

Six steps to spa success

Miele

Why professional machines **protect your luxury standards**

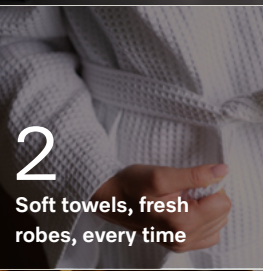

Did you know that investing in commercial laundry and dishwashing systems can help uphold the luxury your guests expect - and protect your reputation?

Luxury guests expect more - and they notice the details. **40% of hotel guests are likely to leave a review after a positive experience, but 48% will do the same after a negative one.**

Professional laundry and dishwashing systems deliver the consistency, speed and care required to maintain luxury standards, protecting your reputation and ensuring every detail meets guest expectations.

High-volume laundry, handled with care

Miele

Spa laundry piles up fast.

Miele's commercial washing machines are tested to 30,000 cycles – the equivalent of eight cycles a day, seven days a week for over ten years.

Specialist programmes remove massage oils and makeup without damaging delicate fabrics.

In spa bistros and lounges, presentation matters.

MasterLine dishwashers use state-of-the-art technology and high temperatures to eliminate stubborn residues without a trace - even in the programme 'Super Short'.

Freshwater systems change water between stages for flawless results.
