

Miele

Happy Customers
Mean Happy Investors.
**Reliability is What
Connects Us.**

Miele Professional. Immer Besser.

360 PRO

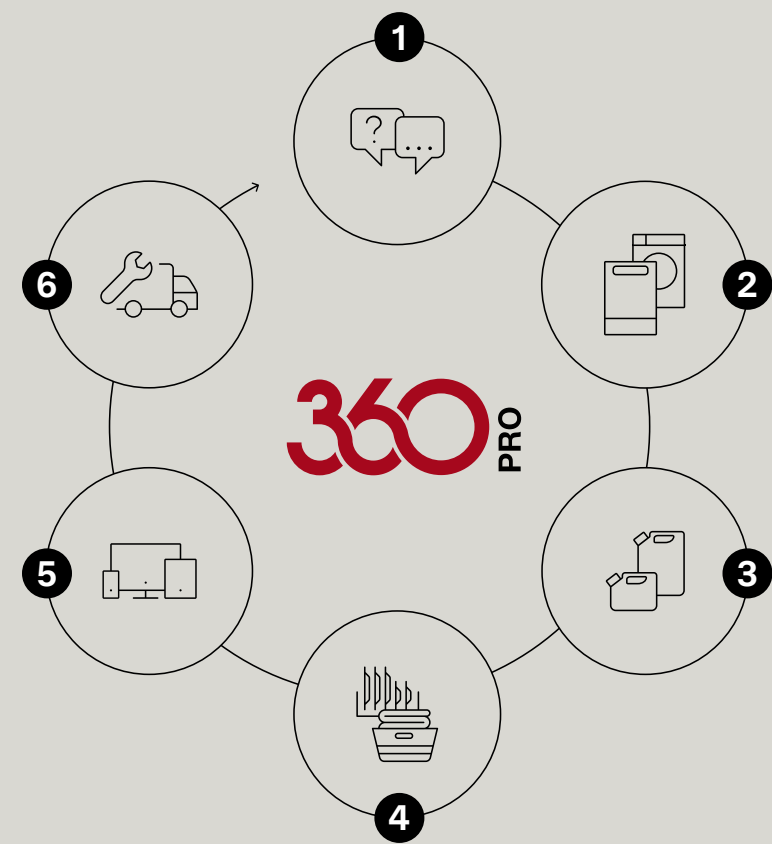

“

It was the right decision to invest in self-service laundries. And I am just as happy with the decision to use Miele **360PRO**. It ensures that operations in the business run smoothly.

This ensures customer satisfaction — and therefore also my success.

”

Miele 360PRO. Keep Your Business Running Smoothly.

Customer satisfaction is the basic prerequisite for a successful business. The reliability of the machines and service is crucial, especially when operating self-service laundry care facilities.

And because we know all about reliability, we are offering you 360PRO for launderettes, apartment buildings, student residences, campsites and vacation resorts. A holistic system with machines, accessories and washing and care products that are perfectly tailored to your business and can be networked.

Whether you are a supervisor, owner or investor, the promise to your customers remains the same: the best washing experience. For your economic success – and satisfied customers.

1 Consulting

We will advise you, from the needs assessment and profitability calculation to planning and process optimisation.

4 Accessories

A wide range of accessories such as dispensing pumps and plinths enable you to get the best out of Miele Professional machines.

2 Machines

We offer washing machines and tumble dryers in various sizes to meet the requirements of a wide range of applications.

5 Digital Solutions

Networked machines and cooperation partners such as appWash or Bloomest – our digital solutions ensure maximum transparency and efficiency.

3 Consumables

Our PROCare Tex detergents and care products are perfectly matched to the machines, ensuring reliably clean results.

6 PROtect

From consultancy to repairs and regular maintenance, our service team supports you in minimising machine downtimes and ensuring smooth operation.

5 Good Reasons for Miele 360PRO.

How to make your self-service laundry even more economical with Miele Professional machines.

01 Reliable

Miele Professional's washing machines and tumble dryers impress with first-class performance over their entire service life.

02 Fast

Thanks to short programme running times, you benefit from higher appliance utilisation and your customers spend less time at the self-service laundry.

03 Intuitive

The intuitive operation makes the machines very easy to use – the controls are available in different languages and the programmes are easy to select.

04 Digital

Our digital solutions ensure maximum transparency and efficiency - thanks to networked machines and cooperation partners such as appWash and Bloomest.

05 Conserving Resources

The machines are extremely sustainable thanks to their long service life and low consumption values.

Miele

Ensuring That Not Only Your Customers Are **Satisfied.**

Repairs and spare parts

Our aim is always to rectify any failures as quickly as possible. We are there for you, coordinate appointments and guarantee the availability of suitable spare parts – even 15 years after series discontinuation.

Regular service

Regular preventive maintenance is essential to avoid malfunctions in the first place. Choose one of our routine options and benefit from long-term protection for your machines.

Inspections and maintenance

Regular checks of the process parameters increase operational reliability and ensure a high standard of your cleaning results. We will also be happy to advise you on how to optimize machine maintenance.

Our service is called PROtect.

PROtect combines comprehensive services, maximum budget control and a smooth supply of spare parts. Our professional team carries out service work quickly and reliably and ensures optimum installation and constant operational readiness.
