ProCare Detergents

Cleaning agents are a critical factor in the cleaning process. Miele ProCare detergents

ProCare Detergents

Cleaning agents are a critical factor in the cleaning process. Miele ProCare detergents provide powerful cleaning, neutralization and rinsing with seamless integration into the wash and dry programs of our washer-disinfectors and laboratory glassware washers. Effectively remove oils and deactivate germs during reprocessing, while treating your lab glassware and instruments as gently as possible.

Reliable Cleaning Performance

The world-class engineering and simple user interface of Miele lab glassware washers is unrivaled. With resource-saving components like a variable-speed heating pumps and pre-programmed shortcut buttons for a variety of wash cycles, these are the ideal washers for a range of applications, including education institutions, university laboratories and biopharmaceutical companies. Stop washing glassware by hand—it's time to get reliable cleaning results at an unbeatable value!

Your Partner in Sustainability

At Miele, sustainability is the driving force behind every product we create. Our engineers use state-of-the-art manufacturing techniques to create sustainable machine construction from easily recyclable materials, which produces the cleanest operating and most efficient machines on the market. Miele is proud partners with My Green Lab and support their incredible commitment to creating a culture of sustainability in science. The Miele Explore/ExpertLine PLW 8604, PLW 8683, PLW 8693, PLW 8683CD, PLW 7111 & PLW 86 Large chambers – have officially received the coveted ACT Label certification, which represents the standard for lab sustainability.

Service solutions

We offer a variety of options to provide regular all-inclusive service – tailored to your specific needs. This allows you to plan ahead, reduce downtime and ensure that your machines remain productive. We provide transparent advice specific to your industry, coordinate appointments and guarantee the availability of suitable spare parts – even 15 years after machine production ceases. Our comprehensive service network protects your machines and your business, giving you total peace of mind.
