Miele

Glean Touch Steel™

This innovative finish resists fingerprints, scratches and smudges. A special treatment stands up to aggressive handling – keeping the exterior cleaner and easier to maintain.

Fleyl ine Raske

These baskets offer incredible flexibility for loading and cleaning all kinds of dishware and utensils.

MultiFlex Cutlery Tray

With movable sections, the 3D MultiFlex Tray makes space where there wasn't any before.

ExtraQuiet

This program reduces the sound emissions of the dishwasher cycle to whisper quiet levels.

BrilliantLight

4 powerful LED lights illuminate the dishwasher from the inside out – creating a crystal clear appearance.

SaniWash

When hygiene is especially important, this program offers temperatures high enough to remove germs from baby bottles, chopping boards, utensils, etc.

Model Comparison Overview 2021

Choose the right model for you and your home. Miele offers the ultimate in convenience and seamless design integration.

INTEGRATION OPTIONS

Pre-Finished ("U") Models

Pre-finished models are complete with control and door panel. Generally, these models are available in Clean Touch Steel™.

Semi Integrated ("i") Models

Integrated dishwashers have a visible control panel and are designed to fit with a custom door panel that reflects the cabinetry decor of your kitchen. Alternatively, Miele offers Clean Touch Steel[™] panels for a more professional look.

Fully Integrated ("Vi") Models

These units can either disappear into your cabinetry by adding a custom front panel or stand out as a robust appliance with a full Clean Touch Steel™ panel. The elegant stainless steel or black glass control panel is integrated on top of the door and is only visible when the door is ajar.

Fully Integrated ("SF") Models

For convenience, Miele offers fully integrated, pre-finished models that are already equipped with a Clean Touch Steel[™] door panel, a 4-inch and 6-inch toe-kick and either a straight door handle or a pocket handle.
