## REFRIGERATION FEATURES

### MasterFresh

Food stays fresh for up to three times longer with the ideal storage temperature for fruit, vegetables, fish, meat and dairy products.

### Push2open

Simply apply slight pressure to the door and it will gently open. This unique mechanism ensures maximum convenience and allows for a handleless design.

### BrilliantLight

Multiple LED strips perfectly illuminate the entire inner cabinet of the appliance, displaying the food in a perfect light color.

### MasterSensor

Various settings provide user-friendly operation and can be conveniently configured using your fingertip.

### WifiConn@ct

For your convenience, use your WiFi to remotely operate and monitor your appliance at any time.

### Ice/Water Dispenser

Providing luxury at the touch of a button, ice and cooled water is easily accessible from the front Ice/Water dispenser.

## WINE FEATURES

### Temperature Zones

Individual controls allow for up to three different types of wine requiring different temperatures to be stored at the same time.

### Push2open

Simply apply slight pressure to the door and it will gently open. This unique mechanism ensures maximum convenience and allows for a handleless design.

### FlexiFrames

Individual wooden slats can be easily moved and repositioned to make room for large wine bottles.

### BrilliantLight

Multiple LED strips perfectly illuminate the entire inner cabinet of the appliance, creating a beautiful display for your wines.

### SommelierSet

Designed for cooling glasses, preparing wine for decanting and the conditioning of opened bottles to perfection.

### NoteBoard

Each and every bottle rack features a removable strip for labelling bottles.
