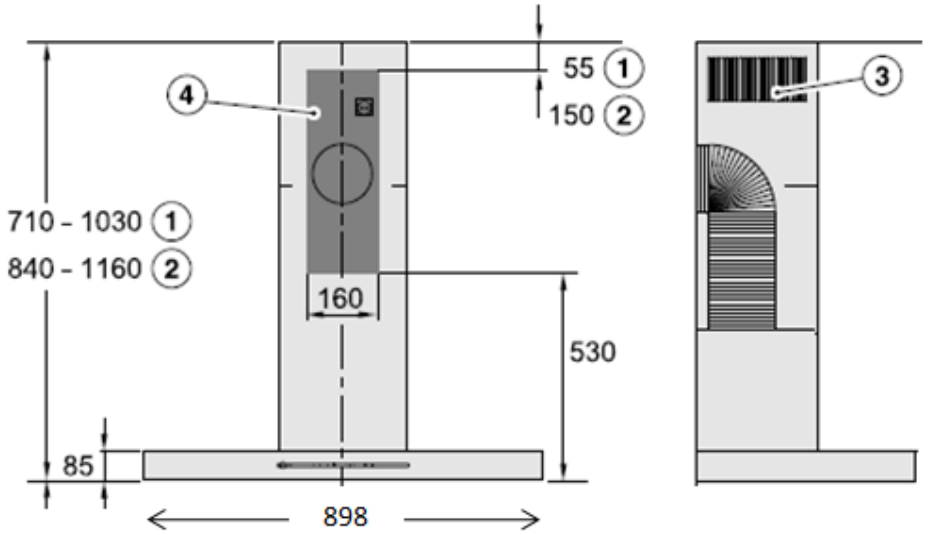
Special order form (DA 6698 W)

Installation sketch (standard version)



Standard length, telescopic section: 475 mm
Standard length, lower chimney: 623 mm

① Extraction
② Recirculation
③ Ventilation grille positioned at the top for recirculation
④ area for installation

Basic information

- Operating mode: ☐ extraction (vented) ☐ recirculation ☐ external
- Colour "glass plates": ☐ EDST[1]) ☐ BRWS ☐ OBSW ☐ HVBR
- Colour "chimney/telescope": ☐ EDST ☐ BRWS ☐ OBSW ☐ HVBR ☐ RAL _____
- Colour "casing top": ☐ EDST ☐ BRWS ☐ OBSW ☐ HVBR ☐ RAL _____
- Total height: _____ mm

Option: with side connection

- Pipe connection: ☐ left ☐ right ☐ front
- Version: ☐ round with collar for 150 mm hose
  ☐ round with following diameter: _____ mm (without „collar")
  ☐ rectangular with following dimensions: _____ (H) x _____ (D) mm
- Position ☐ flush with ceiling (distance top of chimney to upper edge of cut out 10 mm)
  ☐ with distance from top of chimney to lower edge of cut out: _____ mm

Limitations

min. heights (two -part chimney):	550 mm (extracting „above")
	670 mm (extracting „at the side": left/right)
	about 725 mm (extracting „behind")
	750 mm (recirculation)
	670 mm (recirculation: „special solutions/on request")
maximum heights:	2520 mm (two-part chimney)
	more than 2520 mm („special solutions": on request)
min. height of pipe connection:	520 mm (lower edge of hood to lower edge of cutting)

[1]) **Info**: if ordering EDST glass plates will be „black" ! (chimney + casing top in stainless steel, but also possible in RAL-colours)
