NOW!

Large capacity. Small footprint.

\$3,000 off SlimLine PLW 6111 CS bundle + free shipping

Process security and peace of mind for your lab's glassware.

With a compact footprint and flexible chamber design, the PLW 6111 CS SlimLine delivers a perfect clean on three levels. Experience process security and peace of mind with **conductivity monitoring** that helps reduce the amount of residue on your glassware, resulting in more reliable finishes. Make your laboratory glassware reprocessing more reliable, resource-friendly and reproducible!

From now until June 30, purchase the CS bundle for \$3000 off listing price and with free shipping. To learn more, contact your local dealer reps today.
