

ProCare Shine

Miele Professional. Immer Besser.

ProCare Shine Collection

Nobody knows your Professional dishwasher like we do

The ProCare Shine collection has been specifically developed for use in your Miele Professional dishwasher. All of our detergents have been formulated to provide the best results in conjunction with our dishwashing programs.

The fast cycle times of a Professional machine require detergents that dissolve just as quickly, while simultaneously working hard to clean and protect your dishes and glassware.

ProCare Shine at a glance:

- Perfectly formulated - all Detergents, Rinse Aid and Water Softener Salt from Miele Professional are developed specifically for use with Professional dishwashers
- Sparkling results - top results and hygienic cleanliness for dishes, glassware and cutlery
- Economical and efficient - reduced consumption rates, save time, energy and water usage by using the right detergents
